

Covid-19 Guidelines

Social Distancing and Contact Reducing

We have implemented a separate entrance and exit, with the entrance clearly marked at the front of the building, and the exit through our side door. We now have a one-way system through the restaurant, marked out by floor stickers. Condiments etc have been changed to sachet form and our menus are now single use and will be recycled after. All tables have been spaced to ensure there will be at least 1m between customers of separate groups.

Outside Area

We now have a new, fully operational outside food hut with order point and payment system. Outside cutlery, plates and drinking vessels will be Vegware single-use, compostable alternatives. We will have outside bins available and will encourage customers to dispose of their own items.

We are also encouraging customers to bring their own picnic blankets, seating etc for the grass area as we would love to be able to serve food here also.

Table Service

Inside will be table service only to reduce contact between customers of separate groups. For an early table booking we provide a 2hour slot.

Takeaway

We do and always have offered our menu to takeaway. This can be collected from an outside collection point.

Toilets

We will only be able to allow 2 people in the toilets at the same time. Toilet seats are to be closed before flushing to avoid spread through droplets. Our staff will be in to clean regularly.

Cleaning

All tables and chairs will be thoroughly cleaned down after each use. We also have various hand sanitiser points available throughout the restaurant.

Protecting Our Staff

Our staff will wash their hands regularly. Masks will be provided for their use at their own discretion. Temperatures will be checked before each shift.

Payments

We will be accepting both cash and card with our staff sanitising their hands after any contact with cash, cards or card machines.
